NUSF-99 2016 BROADBAND APPLICATION

UNITED TELEPHONE COMPANY OF THE WEST d/b/a CENTURYLINK

MITCHELL – COUNTY ROAD H AND MITCHELL SOUTH ROAD

- 1. A description of the proposed broadband project including download/upload speed capabilities which can be provided and a description of the proposed network infrastructure to be deployed.**

This project would provide broadband service at speeds ranging up to 40 Mbps to approximately 12 living units in 24 census blocks in an area around County Road H and Mitchell South Road in CenturyLink's Mitchell exchange. The project will involve deploying the fiber and the electronics necessary to allow these speeds.

- 2. A list in Excel Format of all the census blocks where broadband facilities would be deployed for the proposed project, which shall include 2010 Census Block identification numbers of service area, by project.**

Please see Attachment A.

- 3. An estimate of the number of potential new broadband subscribers for each project.**

Approximately 12 households will be impacted by this project. None of these households can receive broadband service from CenturyLink at sufficient speeds currently. CenturyLink believes that no other wireline internet service provider is providing service in the project area.

- 4. An estimated schedule for broadband deployment.**

CenturyLink would start construction on this project 90 days after approval from the Commission, weather permitting, and complete the project within 24 months.

- 5. A proposed budget, showing total project costs, in electronic format, with a detailed breakdown of the cost elements and a depreciation schedule showing the life of the investment.**

Please see confidential Attachment B.

- 6. Proposed retail pricing, including both monthly recurring costs and nonrecurring costs for the new broadband service(s) to be offered. At a minimum the pricing should reflect the stand alone price for the speeds to be offered to the customer.**

The retail pricing for the proposed project area will be the same as the retail pricing for broadband services in CenturyLink's service territory in Nebraska. The pricing will vary depending on the speed the subscriber chooses as well as any other services the subscriber may wish to bundle with the broadband service.

CenturyLink's current pricing internet only service is as follows:

Speed Tier	Price
Up to 15 Meg	\$45.00
20 Meg to 39 Meg	\$50.00
40 Meg to 99 Meg	\$55.00

A modem is required and can be leased from the company for \$10.00 per month, or purchased for a one-time cost of \$100.00, plus shipping and handling charges. If the subscriber chooses to have a technician install the service, there is a one-time charge of \$60.00.

- 7. The company's commitment to offer broadband services to all households within the service area of the project for a minimum of five (5) years.

CenturyLink commits to offering broadband service to all households in the project area for a minimum of five years.

- 8. An affidavit from the company attesting 1) (a) that the area of the proposed project is a CAF II eligible area and has not refused CAF II funding, or (b) that the area of the proposed project is ineligible for CAF II funding. 2) That the company has done its due diligence to verify that comparable broadband does not already exist in the area of the proposed project. 3) The truth and accuracy of all information included in the project filing.
