About Us

The Nebraska Regional Officials Council is the statewide organization of Nebraska's eight Economic Development Districts (EDD). These professional organizations represent the entire state and are committed to enhancing the communities and businesses within each region. Economic Development Districts are engaged in a variety of activities including:

- Community Development
- Business Development
- Housing Development
- Transportation Planning

These activities create jobs for Nebraskans, stimulate private investment and attract investments which support public projects, resulting in improved quality of life for our residents.
