I. Application of Tariff

The regulations, rates and charges applicable to the provision of Switched Access and Special Access Services, and other miscellaneous services, hereinafter referred to collectively as services, provided by PBN, LLC, hereinafter referred to as the Company, to Intrastate Customers, hereinafter referred to as IXCs, are the same as those filed in the Nebraska Independent Telephone Association (NITA) Tariff, Sections 1-16, and in Pierce Telephone Company Section 17 of the NITA tariff with the exceptions listed herein.

The provision of such services by the Company as set forth in the NITA Tariff, including Pierce Telephone Company's Section 17, is specifically intended to provide exchange network access to IXCs for their own use or in furnishing their authorized intrastate services to End Users, and for operational purposes directly related to the furnishing of their authorized services. Operational purposes include testing and maintenance of circuits, demonstration and experimental services and spare services. Telephone Exchange Services required by the IXC for its administrative use are furnished under other applicable tariffs of the Company. The Company will determine, based on the IXC's use of the facilities involved, whether the Access Rates and Charges as specified in NITA's tariff, or Rates and Charges as specified in other tariffs of the Company apply.

1.1 Whenever reference is made in this Company's tariffs to other tariffs of the Company, the reference is to the tariffs in force as of the effective date of those tariffs, and to amendments thereto and successive issues thereof.
