- ☐ A construction timeline that indicates completion within the 18-month timetable. (Attachment Letter: J)

ATTESTATION: By signing this document, I attest under penalty of perjury that the information contained in this form and all supporting documents are true and accurate, and that I have undertaken due diligence to obtain knowledge regarding these claims. I understand that if this challenge involves anticipated completion of broadband structure within the project area within eighteen months, I agree to provide progress reports to the Commission every three months which demonstrate progress towards construction. I also agree that if construction is not completed within the required eighteen-month timeframe, the challenging provider shall not challenge any grant for the following two fiscal years unless the failure to complete construction is shown to be due to factors beyond the challenging provider's control.
