Nebraska Public Service Commission
Subject: Nebraska Bridge Program/Capital Projects Fund

To Whom It May Concern,

I am in support of Vistabeam's proposed broadband deployment project in Oshkosh and Lewellen, Nebraska. The project would bring the area up-to-date internet connection and allow residents to have access to high-speed internet for educational, business, and personal use. I have taught school using high speed internet from my Lewellen residence and currently use it for my Air-B-N-B business. I feel this project would open the door to many opportunities for the residents and business owners of the community. Please consider the implementation and development of the Nebraska Bridge Program.

Sincerely,
Ann M. Trosper
Lewellen Resident
