Re: Nebraska Broadband Bridge Program / Capital Projects Fund

I am writing in support of Vistabeam's (Inventive Wireless of Nebraska, LLC) proposed broadband deployment project in Oshkosh, Nebraska. The proposed project would result in the Oshkosh, Nebraska community having access to high-speed internet at 100/100 Mbps. Quality high speed internet is a must for attracting new businesses and residents to our community. The current choices of internet in Oshkosh do not meet my business needs, dependability and speed are lacking creating challenges for me, my staff and business.

Thank you for your consideration,

A handwritten signature in dark ink that reads "Michael Piva". The signature is written in a cursive, flowing style.
