

Attachment C Delivered and Advertised Speeds Documentation

Vyve Broadband currently delivers greater than 100/100 Mbps speeds to customers in several parts of Nebraska. To document this, we have included speed tests from various Nebraska markets as well as examples from our marketing materials.

Speed Test Records

The following images are speed tests of Vyve-served locations in Nebraska.

Figure 1.1. Automated eero speed test logs for customer at 511 Brown St., Alma, NE 68920

Download Speed	Upload Speed	Timestamp
207	111 Mbps	2023-02-16, 4:17am
198	111 Mbps	2023-02-14, 4:17am

VyveBroadband.com

*Offer ends 2/15/2023 and is limited to new residential customers. Not available in all areas. Additional charges apply for installation (except in the case of online orders, a 1st pay sign up, or Vyve Gig Service), equipment (except in the case of Vyve Gig Service), taxes and fees, including, without limitation, regulatory recovery fees. Such charges and fees are subject to change during and after the promotion. Savings based on rate card pricing. After 12 mo. bills, or if any service is canceled or downgraded, regular rates apply. May not be combined with other offers. Lease of a modem or purchase of an approved modem required (except in the case of Vyve Gig Service) for internet service. Actual speeds may vary and are not guaranteed. The maximum possible download speed for our Gig Service is 500 Mbps; we typically deliver download speeds ranging from 80-500 Mbps and upload speeds of up to 50 Mbps. Speeds based on wired (not wireless) connections. Subject to data plan (except in the case of Vyve Gig Service) and usage restrictions. Credit check and deposit may be required. Call to the restrictions and complete details. By enrolling in this promotion, customer agrees to the terms of our Residential Services Subscriber Agreement, Acceptable Use Policy, and other customer agreements available at <http://www.vyvebroadband.com/policies>. The use of any third-party trademarks in connection with our company or products in this ad does not suggest an endorsement, affiliation or sponsorship of our company or products by any such third party. All trademarks and service marks are property of their respective owners. ©2022 Vyve Broadband. All rights reserved. Some eero features require linking your Amazon account and downloading the Alexa application or using a compatible Alexa device. Internet connection speeds and availability depend on the current internet speed you have with Vyve Broadband. Vyve Broadband does not provide you with maximum supported speeds; you will not experience the maximum speed. Maximum network speeds, if applicable, reflect combined upload and download speeds across wired and wireless clients. Maximum wireless signal rates are defined from the IEEE 802.11 standard. Specifications assume wired Ethernet connections; your experienced speed may vary when connected to a wireless device that is configured as a wireless endpoint. Coverage restrictions are based on most all use conditions. Actual range and performance coverage, and maximum supported speeds may not be available to all customers, due to factors such as local regulations (including power line), network configuration, interference, connected devices, device usage, building materials, and distance. See <https://farr.com/legal> for more details regarding terms for our products, software and services. For more information about our performance, visit support.eero.com. †
