

Attachment F Rate Comparability Details

Retail Rate Information

All Vyve pricing can be found on our website at <https://vyvebroadband.com/>, where customers can enter their zip code to find the retail rates available in their community. The retail rates for the proposed service area are as follows (not inclusive of introductory promotions or discounts such as through the Affordable Connectivity Program):

- 105/105 Mbps at \$49.99/mo.
- 200/105 Mbps at \$69.99/mo.
- 960/105 Mbps at \$99.99/mo.

Figure 1. Residential rates available to customers in Alma, NE (retrieved on February 7, 2023). Promotional rates are asterisked, while standard rates are struck through.

Terms of Service

Vyve's latest Customer Privacy Notice, Acceptable Use Policy, Subscriber Agreements, and other terms and conditions of service can be found online at <https://vyvebroadband.com/policies/>.

Vyve does not impose long-term contracts, early termination fees, or metered "pay-as-you-go" service. Vyve will also not impose monthly data caps or throttle the speeds of users for plans in the proposed service area. However, Vyve reserves the right to review the accounts of residential customers who greatly exceed typical data usage and investigate whether such customers would more appropriately be on a commercial plan, in cases of network abuse that degrades the service quality of other customers.
