BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

The Nebraska Public Service Commission ("Commission"), on its own motion, hereby opens the above-captioned docket to amend provisions of the Commission's rules and regulations Chapter 3, motor carriers, in accordance with Nebraska Legislative Bill 461, passed in 2020 by the Nebraska Legislature.

LB 461 amended the statutes related to the Commission's regulation of common and contract for-hire motor carriers that transport household goods and employees of railroad carriers operating within the state. Under the new statutes, these carriers will now operate under the newly created category of licensees instead of common or contract carriers. Railroad employee carriers transitioned as of January 1, 2021 and household goods movers will transition on July 1, 2021. The proposed changes update language in Chapter 3 to add references to licensees or eliminate certain references to household goods movers or railroad employee carriers. The proposed rules also create new rules for licensees based upon the language of Neb. Rev. Stat. §§ 75-304.3 and 75-304.4.

The Commission therefore opens this rulemaking and releases the first set of proposed rules set forth in Appendix A for comment. The Commission will determine the next steps after reviewing the comments received.

Interested parties may file written comments with the Commission on or before **3:00 p.m. on Friday, April 16, 2021**. Parties filing comments should file one (1) original and five (5) paper copies and one (1) electronic copy in Word format emailed to john.monroe@nebraska.gov and psc.motorfilings@nebraska.gov.

013.09A Definitions: In addition to the definitions found in Neb. Rev. Stat. § 75-302 and otherwise found in this chapter, unless the context otherwise requires, the following definitions apply:

013.09A1 Accessorial services means any service provided by a household goods mover that supplements, or is incidental to, the transportation of household goods. Examples include packing, unpacking, wrapping or protecting a portion of the shipment or providing special equipment or services such as hoisting;

013.09A2 Bill of Lading means receipt for shipment and contract for its transportation;

013.09A3 Binding Estimate means written agreement made in advance between consumer and named mover that guarantees total cost of move based upon quantities and services shown in estimate;

013.09A4 Certified Scale means any scale designed for weighing motor vehicles, including trailers or semi-trailers not attached to a tractor and certified by an authorized scale inspection and licensing authority;

013.09A5 Contract means a written document, approved by the shipper in writing before the performance of any service, that authorizes services by the named mover and lists the services and all costs associated with the transportation of household goods to be performed;

013.09A6 Inventory means a written list of all items to be made part of the shipment;

013.09A7 Line Haul Charge means the charges for the transportation portion of the move;

013.09A8 Non-Binding Estimate means written notice of costs estimated by named mover based on estimated weight of the shipment and services requested, with final charges based upon the actual weight of the shipment, the services provided, and the tariff provisions of named mover;

013.09A9 Order for Service means a document authorizing the mover to transport a shipper's household goods;

013.09A10 Shipper means a person who utilizes the services of a mover to transport or ship household goods;

013.09A11 Storage means warehousing of the shipper's goods while under the care, custody, and control of the mover; and

013.09A12 Valuation means the monetary value declared by a shipper for the shipment.

013.09B Articles Liable to Cause Damage: a mover will not accept for shipment any property liable to impregnate or otherwise damage equipment or other property, or accept for shipment articles which cannot be taken from the premises without damage to the article or premises.

013.09C Prior to providing transportation services, a mover will provide a prospective shipper:

013.09C1 Either a written binding or non-binding estimate of the total costs and basis for such costs to be incurred by the shipper at least 24 hours prior to a scheduled move, unless the move is initiated less than 24 hours before the commencement of the move;

013.09C2 A signed Order for Service on every move;

013.09C3 A complete and legible descriptive inventory of each loading;

013.09C4 An executed Bill of Lading;

013.09C5 Disclosure of the limits of its liability and the valuation options available for any claims of damage to shipper's household goods;

013.09C6 Provide summary of mover's customer complaint, inquiry, and claim handling procedures.

013.09D Bill of Lading: a mover will issue a bill of lading that includes the terms and conditions of the contract for services.

013.09D1 The bill of lading should include the following:

013.09D1a Name, address, and contact information of mover;

Page 47

013.09D1b Name and address of any other entities that will participate in the move;

013.09D1c The date of pick-up and delivery;

013.09D1d Declaration of valuation signed by the shipper acknowledging valuation and insurance options provided by the mover; and

013.09D1e Rates and charges applicable to the service that have either been negotiated by the mover and the prospective shipper or determined as part of the mover's tariff if the mover has elected to create and provide its services pursuant to a tariff.

013.09D2 Nothing in these rules will be construed to preclude the mover and shipper from entering into a more comprehensive contract or amending a contract upon mutual agreement.

013.09E Estimates:

013.09E1 A mover must conduct a physical survey of the household goods to be transported and considered part of the written estimate provided to the prospective shipper prior to providing transportation services.

013.09E1a If the household goods are more than 50 miles from the mover's location, a physical survey is not required.

013.09E1b A shipper may waive the physical survey in writing prior to the loading of the shipment.

013.09E2 Weigh Ticket: A mover must weigh each shipment that is moving under a non-binding estimate and retain scale ticket from a certified scale, complete with date, truck or trailer number and shipper's name/or bill of lading.

013.09E3 The estimate will specify the form of payment for the shipment.

013.09E4 A mover must determine charges for any accessorial services before finalizing any estimate.

013.09F Delivery and Storage of Goods:

013.09F1 The shipper and mover must agree to the date for pickup and delivery of the shipment. Such dates must be recorded on the bill of lading.

Rule and Regulation No. 206

Page 48

013.09F2 A mover will relinquish household goods to a shipper and place the goods inside the shipper's dwelling after all charges have been paid or satisfactory arrangements have been made between the mover and the shipper.

013.09F3 Storage In Transit: A shipper may request that a mover store the shipment prior to delivery.

013.09F3a The mover will notify the shipper of the specified period of time that the shipment will be held in storage.

013.09F3b Prior to the expiration of the storage period, the mover must notify the shipper in writing when such period will convert to permanent storage, the time period under which the shipper may file claims against the mover for loss or damage to the household goods while in transit or during the storage period, when the mover's liability will end for loss and damage, and when the shipment will become subject to the rules, regulations and charges of the storage facility.

013.09G Claims:

013.09G1 A claim for loss, damage or injury will not be voluntarily paid by the mover unless the claim is filed in writing within the time limits specified in the Bill of Lading or other contract and contains the following minimum requirements:

013.09G1a Contains facts sufficient to identify the shipment;

013.09G1b Asserts liability for alleged loss, damage, or inquiry;

013.09G1c A claim for the payment of a specified or determinable amount of money.

013.09G2 Claim for Uncertain Amount: When presented a claim for an uncertain amount of money, a mover will determine the condition of the shipment involved at the time of delivery, if it was delivered, and will ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. A formal claim in writing for a specified or determinable amount of money must still be filed before a mover will voluntarily pay a claim.

Rule and Regulation No. 206

Page 49

013.09G3 Documents Not Constituting Claims: Bad order reports, appraisal reports of damage, notations of shortage or damage, or both, or freight bills, delivery receipts, or other documents, or inspection reports issued by carriers or their inspection agencies, whether the extent of loss or damage is indicated in dollars and cents or otherwise, will, standing alone, not be considered by carriers as sufficient to comply with the minimum claim filing requirements specified.

013.09G4 Concealed Damage or Shortage: a mover must be promptly notified after discovery of concealed damage or shortage and given reasonable opportunity to inspect the shipment and packaging. Movers will promptly and thoroughly investigate the claim and establish a claim file.

013.09G5 A mover may satisfy a claim by repairing or replacing the property lost or damaged with materials of like kind, quality, and condition at time of acceptance by the mover.

013.09G6 A mover's liability is limited to the extent provided in the terms and conditions of the Bill of Lading.

013.09G7 A mover must acknowledge receipt of each claim in writing within 30 days after receipt of the claim.

013.09G7a The mover will pay, refuse payment, or make a firm compromise offer within 120 days after receipt of the claim.

013.09G7b If the claim cannot be resolved within 120 days, the mover each succeeding 60 days thereafter while the claim is pending must notify the claimant in writing of the reason that the claim cannot be concluded.
