Cullen Robbins informed the Commission of the telecommunications complaints and outages received by the Communications Department during the preceding month.

COMMUNICATIONS DEPARTMENT (Cont.)

| Outages for April 2020 | | | | | | | |
|--------------------------------|---|-------------|-----------------|----------|----------------|---------------|---|
| Carrier | Area | Outage Date | Completion Date | Duration | Lines Affected | Primary Cause | Comments |
| Qwest Corporation | Norfolk | Apr-01-20 | Apr-06-20 | 4 d 15 h | 155 | Damaged Cable | Wet cable as a result of the heavy rain in northeast NE. The cable was dried and working lines were repaired and customers placed back in service over the weekend. Repairs on the non-working lines were completed this morning. |
| Qwest Corporation | South Sioux City | Apr-03-20 | Apr-03-20 | 0 d 7 h | 816 | Equipment | Temporary losses of commercial power caused outage - short interruptions of power (1 sec each) as a result of weather. Because interruptions were brief, generator didn't engage. Field Operations reset the breakers. The switch had to be rebooted. |
| Windstream Nebraska, Inc. | Lincoln | Apr-04-20 | Apr-04-20 | 0 d 1 h | 624 | Equipment | Three remote sites hosted off the Lincoln, NE DMS100 experienced an outage for 19 minutes 33 seconds. Remotes auto-recovered before root cause isolation. |
| Qwest Corporation | Omaha | Apr-10-20 | Apr-10-20 | 0 d 4 h | 400 | Cable Cut | A 400pr damaged by Widler Construction at 13630 Industrial Rd. It was located and looked like it was accurate. There wasn't any visible paint once I got there because of the digging, but the hole was hit only 3 ft from our equipment. Not a lot of damage but had to resplice 75pr. I will also complete a claim against Widler today. So the reason we were able to complete the repair so quickly is that Widler didn't cut all the way through our cable. We only had to repair a portion of the cable. |
| Qwest Corporation | Omaha | Apr-11-20 | Apr-12-20 | 0 d 8 h | 6834 | Equipment | Toll Switch Isolation. The defective card was replaced and services were restored. |
| Qwest Corporation | Scottsbluff | Apr-21-20 | Apr-21-20 | 0 d 1 h | 1423 | Cable Cut | Fiber was repaired to restore service. Our contractor was working on a CAF II project, getting ready to wire our equipment, and accidentally cut a transport cable that included 911 traffic. CenturyLink moved the traffic to a redundant cable so the callers still had access to 911 at the Scottsbluff PSAP while the contractor completed service restoration. Unfortunately, ANI/ALI was missing during the repair work (just over an hour and a half). Once the fiber cable was restored, CenturyLink moved the 911 traffic back to the normal transport cable and all service was restored for the Kimball County PSAP. |
| Dalton Telephone Company, Inc. | Dalton, Gurley, Lodgepole, Dix and Bushnell | Apr-22-20 | Apr-22-20 | 0 d 7 h | 550 | Cable Cut | 911/local/toll. Cut occurred in the Denver area. Connection to Denver has been restored and the outage cleared as of 12:23 PM MST. The PSAPs have been notified of the resolution. Website and social media notices have been taken down. We are in the process of contacting customers and returning to normal operations. |
| Windstream Nebraska, Inc. | Lincoln | Apr-24-20 | Apr-24-20 | d 8 h | 905 | Damaged Cable | Planned maintenance in the Hickman area as part of re-route of cable for NE road project. Maintenance ran long, and damaged fiber tube had to be repaired |
